NOTICE OF VIOLATION

Released: February 16, 2012

By the Acting District Director, New York Office, Northeast Region, Enforcement Bureau:

1. This is a Notice of Violation ("Notice") issued pursuant to Section 1.89 of the Commission's rules¹ to New Jersey Turnpike Authority, Parkway Division, owner of antenna structure # 1256638 in Woodbridge, New Jersey.
2. On January 24, 2012, an agent of the Commission's New York Office inspected antenna structure # 1256638 located at Woodbridge Headquarters at Mile Post 129.1 on the Garden State Parkway in Woodbridge, New Jersey, and observed the following violation:

47 C.F.R. § 17.23: "Unless otherwise specified by the Commission, each new or altered antenna structure to be registered on or after January 1, 1996, must conform to the FAA's painting and lighting recommendations set forth on the structure's FAA determination of 'no hazard'." The FCC's Antenna Structure Registration ("ASR") database currently indicates that antenna structure number 1256638 requires aviation orange and white paint and red obstruction lighting in accordance with FAA Circular Number 70/7460-1K, Chapters 3, 4, 5, and 12. The antenna structure does not conform to these recommendations, but is equipped with dual lighting with red obstruction lighting at night and medium intensity white flashing lights during the day, and therefore is in violation of 47 C.F.R. § 17.23.²

¹47 C.F.R. § 1.89.

² In order to come into compliance with the Commission's rules, New Jersey Turnpike Authority, Parkway Division must: (1) obtain a new FAA "no hazard" determination indicating that the current system is permitted and then submit a modified antenna structure registration to reflect the new "no hazard" determination, (2) submit a modified registration if a new FAA "no hazard" determination already has been obtained or (3) come into compliance with the current ASR by painting the structure in accordance with FAA Circular Number 70/7460-1K, Chapters 3, 4, 5, and 12.
